Maybe even better than free.

Any file in any format can be uploaded and downloaded for free. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. If only we could, we surely would! On the other hand, using file can actually save you money. Our service is completely free for everyone. You can give this download link to your friends by mail or instant messenger. You don't need any special software installed to be able to download your files. Alternatively you can choose to share your download links on blogs, forums and social networking sites. filehosting provides an easy possibility for you to send large files to your friends. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventuallycosting you money in data storage fees. Just upload the file you want to share with your friends and we send you a download link to your file. We have no filesize limit. Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that part free. Using file, you can circumvent those limitswithout paying to upgrade your team chat service. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chatapps have limits to the size of files that can be transferred within their apps. You decide who you want to share your files with. So try our free and simplefilehosting service now. No account or credit card is required to get started. Keep your files private, or send your download links only to friends or family. It isalso allowed to link to the download page from websites and communities. There are no restrictions on the number of times a file can be downloaded. You canupload any type of file (movies, music, documents, images, zip files and more). File is free to use with no gotchas and no hidden fees. The cost of that datatransfer is covered by your internet service or the data plan on your phone.
